

**California Now: Problems and Solutions**

Name: \_\_\_\_\_

**With your group, read about at least 2 issues in California today and identify the problems and solutions connected to those issues.**

Issue: \_\_\_\_\_

Title of article I will read: \_\_\_\_\_

Silently read and annotate your assigned article. When everyone has finished reading, each group member will explain the problem(s) and solution(s) described in his/her article. Then, your group will agree on descriptions of the problem(s) and solution(s) based on what each group member has described.

My group's 1-sentence description of the problem:

My group's 1-sentence description of the solution:

My group's 1-sentence description of the problem:

My group's 1-sentence description of the solution:

Choose one of the issues you learned about. Make a mini-poster to raise awareness about the problems and solutions connected to this issue. Your poster must have

- a title (probably the name of your chosen issue, such as “Drought”)
- a clear and catchy statement about the problem(s)
- a clear and catchy statement about the solution(s)
- an appealing visual design, including symbols or drawings
